CITADEL GROUP MEDIA RELEASE

Kapish named the 2017 HPE APJ Channel Partner of the Year for Information Management and Governance

Canberra, Australia – The Citadel Group Limited (ASX: CGL) is pleased to announce that Kapish was awarded the 2017 HPE APJ Channel Partner of the Year for Information Management and Governance.

The award reflects the growing success of Kapish and Citadel in the Information Management and Governance space. Kapish is also the first South Pacific Platinum Partner for Information Management and Governance.

Citadel acquired Kapish in 2016 and since that time the Group has invested heavily in expanding the information management products and services available to our growing customer base. A key focus has been on delivering the software as-a-service to meet the rapidly growing client demand for fully hosted solutions.

About The Citadel Group

Citadel is a leader in the development and delivery of managed service solutions to state and federal government departments and the private sector. For these clients, Citadel specialises in managing knowledge in complex environments through integrating know-how, systems and people to provide information on an anywhere-anytime basis.

The majority of Citadel's revenues are derived from long term managed services, software-as-a-service, and high quality strategic advisory services.
